Here Comes the Summer, But It Isn't Too Late For Spring Cleaning

Every year spring comes and with it there is the annual ritual that many Americans seem to endure: the spring clean up. Ok, so what does that mean? In the olden day, it might have included addressing some of the gardening needs, washing the windows after the storm windows were removed, and perhaps even doing a really concerted dusting to remove all of "the particles" that accumulated during the long winter months when the house was buttoned up too tightly to breath. It was a good and necessary ritual that made us feel better and helped us appreciate natures cycle of rebirth all that much more.

When was the last time you gave your business a good spring cleaning? We're almost into summer, so these final days of Spring are as good as any and perhaps even better because they are right now. You might consider looking at your sales procedures, re-analyzing the effectiveness of your marketing, reevaluating your profit margins, revamping your accounting methodology, and perhaps even addressing those HR issues that have plaguing you for the past year.

There is no time like the present. If you aren't 100% happy with what your business is doing for you, isn't it time to take charge and start working on your business and not in it. For the month of June only, mention this newsletter article and we will offer our exclusive "Business Effectiveness Evaluation" at 50% off. It's the first step to doing a great spring clean up on your business and you will be saving hundreds of dollars too.

Call us today to set up a time to do the best thing you can do for your business right now.

Indoor Outdoor Year Round Farmers/Craft MarketPlace at Olde Lafayette Village

Lafayette: Vendor Finders USA and Olde Lafayette Village are pleased to announce an addition to the tenth annual Farmers Market this year. Each Sunday, in addition to the existing market at Olde Lafayette Village, we are planning to add more to the mix by bringing in other types of homemade products, flowers, produce, bread, dairy, craft items and so on, making it into more of a MarketPlace and running it year round.

In the cold, wet months, we will downsize to 20-30 vendors and move into Building H and the Village Hall. Keeping it running year round is the intention so as supply the community with unique and healthy products and to support the village with shoppers and the MarketPlace vendors with some additional time to conduct business.

As we get this going, we will be bringing live music into add to the mix. This will be a great opportunity for local musicians to get their music heard by the public and to sell some CDs or other merchandise. Any bands that are interested should contact us at 973-875-2068.

In these tough economic times, we need to come together for the common good and make things work for everyone. This is just the first step in doing our part to make it happen.

Vendor spots are very inexpensive to make it easy for those interested to take advantage of the program without a big financial risk. First MarketPlace date is **June 26 from 10 AM – 4 PM**. By this time next year we hope to have this on Saturday and Sunday year round.

Applications and details are available on www.vendor-finders.com/applications.html or by emailing vendorfinders@live.com.

One Step Closer Animal Rescue (O.S.C.A.R.)

Hi, my name is Big Mac!

I am a yellow lab/golden mix. I am 1-2 years old and I am a boy.

When I was waiting to be rescued and come to NJ, a dog in the kennel next to me pulled my leg through the fence and chewed on it. It really hurt, but the nice people at the rescue brought me to the vet and they took care of me. I won't have any problems with that leg once the hair grows back. Right now, I know I may not look my very best, but please overlook that. I promise my sweet personality will win you over.

All I want is love - really I do.

Thanks for listening,

Big Mac

My name is Denver.

I am a female beagle/german shepard mix.

I was rescued with my sister but she already found her home. I am still waiting for mine. I am mostly beagle with what maybe a little German Shepard mixed in. I am five months old but might not get that much bigger.

I like other dogs but also like playing rough with them so I will probably be better as an only dog.

I LOVE walking and playing with toys. I also really love attention and affection! What is so wrong with that? I will never pass up a good back rub.

I am fully vetted and ready to go. Come check me out before I am gone!

Application:

Please email Cassie at lilfurryanimals@yahoo.com for an application to fill out. You can also go to our home page and copy and paste the application into an email to lilfurryanimals@yahoo.com (this speeds up the process).

One Step Closer Animal Rescue (O.S.C.A.R.)

O.S.C.A.R. is a smaller, rescue group that focuses on animals in desperate situations. We rescue dogs and cats from shelter where they have no room and euthanize due to space. All of our animals we rescue are full vetted and fixed. They are all great animals very deserving of great homes. Our rescue was created through the desire to save more lives that all our members have. We all have a passion to save animals as well as a commitment to ensure great futures for all our animals we rescue.

Next Pet Adoption Event

****If you are coming to see a certain dog please check before hand to make sure that dog will be there that day.**

YOU CAN HELP!!!

FOSTERING—You can take a dog or cat into your home for a period of time (1 week to a few months). You take care of them and give them the extra time they need until they find a home of their own. Many animals are very adoptable but are in high-kill shelters where they only have 3 days to find a home. Most just need more time to find their new family. This is a very rewarding experience to know YOU were the reason they are alive, you were part of their journey to find their forever home.

*Thousands of animals are saved each month by a network of rescuers who work together.
Please join us and help make a HUGE difference!*
